

# INDIVIDUAL ABSTRACT RECOGNITION

The best of health services research

 AcademyHealth

2020 ANNUAL

**RESEARCH MEETING**

Each year, AcademyHealth receives thousands of submissions for our Annual Research Meeting. This year was no different. All submissions undergo a rigorous review process and accepted abstracts represent the best of the field as determined by leading experts across all 21 themes. While the in-person presentation of this work was not possible given COVID-19, acceptance remains an honor and AcademyHealth is pleased to recognize those individuals.
