# 2024 CALL FOR ABSTRACTS

## Call for Abstracts

As the world's largest gathering of users and producers of health services research, the AcademyHealth Annual Research Meeting (ARM) is the preeminent place to share important findings with experts from around the world who can move research into action.

This year's ARM is organized around 21 themes and five submission categories. All individual abstracts and research panel submissions undergo blind peer review. Policy Roundtables and Panels on Critical and Emerging Issues in Health Services Research (HSR) submissions are not blinded.

## Conference Themes

- Aging and End-of-Life
- Child and Family Health
- Digital Technologies, Data, and Analytics
- Dissemination, Implementation, and Impact
- Global Health Research
- Health Workforce
- Improving Safety, Quality, and Value
- Individuals Living with Disability or Other Complex Conditions
- Measuring Safety, Quality, and Value
- Medicaid, Coverage, and Access

**June 29–July 2, 2024** | Baltimore Convention Center, Baltimore, MD

# 2023 Abstracts by the Numbers

## 2,833
Abstracts Submitted

## 334
Late-Breaking Abstracts Submitted

## 68%
of the ARM Program made up of Abstracts

## 138
Posters Submitted by Students

## Not To Be Missed

- Posters
  - Vote for your favorite poster from the Best Poster Nominations across each theme.
  - Participate in a poster walk led by expert faculty.
  - Attend the Best Student Poster Symposium.
- Continue the Conversation
  - Attend an opportunity located in the exhibit/poster hall for attendees to "continue the conversation" with plenary and breakout session speakers after their sessions.
- Networking
  - Engage with fellow attendees at planned activities.

## Key Dates

**Abstract Submission Deadline**
January 11, 2024, at 5:00 p.m. ET

**Notifications Sent**
Mid-March 2024

**Late-Breaking Abstract Submission Deadline**
March 26, 2024, at 5:00 p.m. ET

## Late-Breaking Abstracts

AcademyHealth will offer a call for Late-Breaking Abstracts for papers that highlight significant and timely findings in HSR for which the data was not available by the initial abstract deadline. Late-breaking submissions will follow the same submission guidelines as regular submissions.
