

BEST OF 13TH ANNUAL CONFERENCE ON THE SCIENCE OF DISSEMINATION AND IMPLEMENTATION IN HEALTH December 15-17, 2020 | A Virtual Event

The following abstracts were nominated as the best submissions across the nine conference tracks.

Behavioral Health

Sustainment of cognitive processing therapy: Reach and fidelity across three mental health systems

Presenter: Shannon Wiltsey Stirman, National Center for PTSD and Stanford University

Building the Future of D&I Science: Training, Infrastructure, and Emerging Research Areas

The micropolitics of implementation: A qualitative study exposing an unexplored path within implementation science

Presenter: Lisa Rogers, University College Dublin

Clinical Care Settings: Patient-level Interventions

Cost of implementing collaborative care for perinatal depression

Presenter: Lisa Saldana, Oregon Social Learning Center

Clinical Care Settings: System-level Interventions

Coach-based and web-based practice facilitation for HPV vaccination: Implementation and effectiveness outcomes

Presenter: Pamela Hull, University of Kentucky Markey Cancer Center

Global Dissemination and Implementation Science

Evaluating the integrative systems praxis for implementation research (INSPIRE) methodology: Implementation of an HPV-based screen and treat cervical cancer prevention program in the peruvian Amazon

Presenter: Patti Gravitt, University of Maryland School of Medicine

Health Policy Dissemination and Implementation Science

Policy sustainability research to advance health equity: A mixed-methods case study of the implementation and sustainability of tobacco control policies in New York City

Presenter: Matthew Lee, Columbia University Mailman School of Public Health

Models, Measures, and Methods

Identifying facility-level conditions linked to higher reach: A configurational analysis of obesity treatment options offered by VA medical centers

Presenter: Edward Miech, VA PRIS-M QUERI

Prevention and Public Health

Understanding the influence of external and internal characteristics on the penetration of naloxone delivery from syringe service programs in the United States

Presenter: Barrot H Lambdin, RTI International

Promoting Health Equity and Eliminating Disparities

Identifying technologies of power: A critical implementation praxis to advance health equity using the exploration, preparation, implementation, sustainment (EPIS) framework

Presenter: Megan Stanton, Eastern Connecticut State University
